Setting the System Date and Time

To set the system date and time, enter [#] [#] [*] [6] followed by the Master Code.

Press [1]. The keypad will now accept 10 consecutive digits:
• Enter the Time in Hours and Minutes using the 24 Hour format (00:00 to 23:59).
• Enter the Date in the format MM DD YY

Press

[#] [#] [*]   [6]   Master Code   **[1]**   HH:MM   MM DD YY   **[#] [#]**
